

2016

I M P A C T R E P O R T

ADVANCING THE
JOURNEY TOGETHER

Camino Foundation had an exciting 2016. I am increasingly optimistic that God will continue to bring impactful results to Camino Foundation and the businesses that are engaged. This optimism is not based on our activities but on God and his provision of resources and ultimate impact. We seek His kingdom and know that His resources will result in His impact. As Matthew 6:33 tells us “But seek first the kingdom of God and his righteousness, and all these things will be added to you.” Because we seek His kingdom we see His results in 2016 and beyond. To Him be all honor and glory!

Through your partnership with Camino Foundation, you are part of this impact. We thank you for your partnership and ask that you continue to help us impact the world for Christ through business.

In His Service,

Ben Penfold
President

HOPE Coffee

31 Home Improvements

8 Saved

HOPE Coffee continues to grow and is Camino Foundation's largest business. In 2016, three homes were completed for widows and at risk families, 31 home improvements were completed, and eight people trusted Christ as Lord and Savior. In addition to this direct impact, HOPE Coffee employed nine people and purchased coffee that positively supported the Honduran coffee economy.

HOPE Coffee Honduras

HOPE Coffee shares its community impact with HOPE Coffee Honduras. In Sigutepeque Honduras the focus is creating an excellent cup of coffee while "Serving Better." In 2016, this service included employing nine Hondurans and purchasing coffee directly from the local farmers. Other service in the community, like homes and water storage, are included in HOPE Coffee's impact numbers.

Lumi

2k Solar Systems

8 Full-time Employees

Because of generous financial partners Camino Foundation invested in Lumi in 2016. We are excited about this company as they installed over 2,000 new solar systems which is estimated to impact over 10,000 Ugandan's. Lumi also employs 8 full-time Ugandan's and has 12 Ugandan agents. Lumi's unique model gives the employees and agents consistent interaction with the community. As a result, the good news is shared often by the agents and employees. We hope to bring the Lumi model to Central America soon.

Pozos Para Todos

5 Wells Completed | **20k** Kids Benefited

Pozos Para Todos continues to bring clean water to Honduras. In 2016, five wells were completed and water filtration systems were installed in 225 public schools bringing clean water to over 20,000 children. In addition to clean water, Pozos Para Todos partners with local churches who share the love of Christ with the community.

Obrero Fiel

1.6m Reached | **143** Countries

ObreroFiel

Camino Global transferred ownership of ObreroFiel to Camino Foundation in 2016. Camino transferred ObreroFiel because the project needed a business perspective. We are excited about this addition because of the diverse impact of ObreroFiel. In 2016, the website reached 1.6M people with Spanish ministry materials in over 145 countries. In addition to the resources, 4,375 students attended online classes on the Bible and Biblical Leadership.

Camino Global Foundation (CF) is a 501(c)(3) non-profit corporation dedicated to advancing business as the engine of disciple-making that God intended it to be. We do this by connecting KINGDOM ENTREPRENEURS with KINGDOM INVESTORS to create KINGDOM IMPACT BUSINESS. Our goal is to create 30 KINGDOM IMPACT BUSINESSES in the next 3 years.
